Home is Where the Fun is! CRCC Summer Learning Together at Home Guide

Omaha, Neb. – CRCC, formerly known as Children’s Respite Care Center, in partnership with Pinnacle Bank and KMTV, launched their Learning Together at Home Summer Activity Guide. The guide is filled with fun and educational activities for children, parents and caregivers to enjoy this summer while social distancing. The guide features 47 video-lead activities to help children ages 0-8 learn skills in critical thinking, patience, following directions, perseverance and reflection.

The guide includes detailed lists of learning targets which allow children to participate at their own pace. The purpose of the guide is to continue a daily routine for children and their families whose schedules have been disrupted by COVID-19.

“We know many families continue to remain at home during the pandemic, and the guide is a great way to educate children while bringing the entire family together for some much-needed fun,” said Anne Constantino, CRCC President and CEO. “This guide is also a valuable resource for all childcare providers in our community.”

CRCC is a non-profit organization located in Omaha, Neb. that serves children birth to 21 years old with medical, developmental and cognitive disabilities. Throughout the pandemic, CRCC has proactively worked to protect their medically fragile children from COVID-19 exposure. CRCC’s team of educators, nurses and therapists continue to provide home and telehealth services to ensure children are cared for.

CRCC is giving away 25 Learning Together at Home Activity Guides. Follow along with CRCC’s giveaways on Facebook, Instagram and Twitter for a chance to win! Drawings will be held on July 15, 22, 29 and August 5, 2020. CRCC will mail the guide directly to the winner’s home.
